HELPFUL DETAILS ABOUT REPEATING PATTERNS •••••

Seamless Repeating Pattern Designs can be used alone or in repetition to cover any sized square or rectangular dance floor.

A 20' x 20' dance floor example is shown below but any size can be accommodated. We recommend "enlarged" tile & 48" pattern repeats for a simply elegant look.

example dance floor

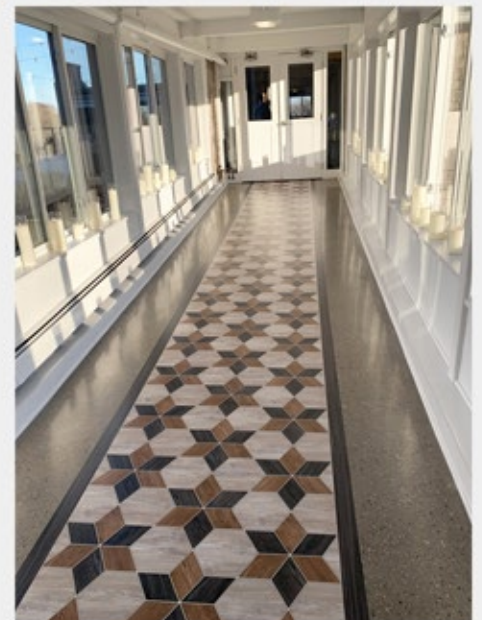

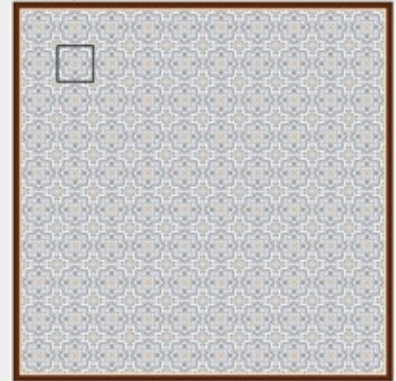

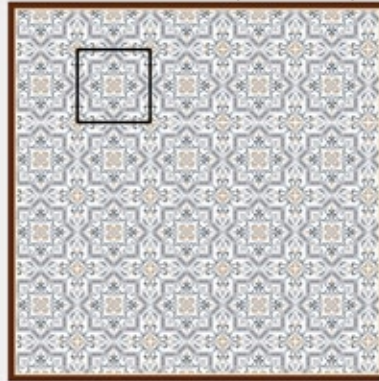

seamless repeat pattern

enlarged for full coverage

request a pattern repeat size

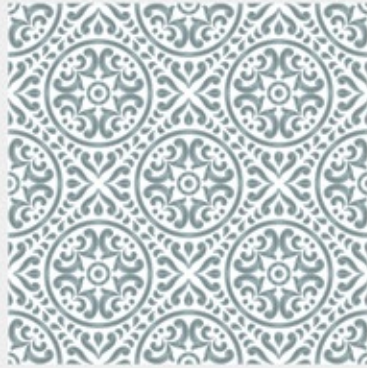

CHOOSE A SEAMLESS REPEATING PATTERN •••••

Colors on most images can be modified but those noted with a star can be changed to specific Pantone colors vs. the others being tonally adjusted.

CHOOSE A COLOR SCHEME FROM BELOW •••••

or provide us with your event's Pantone ID #

colors viewed on monitors are an approximation for what is printed so if color accuracy is a concern for your event, please consider allowing enough lead time for a custom printed swatch

The more we know about your project, the better and faster we can respond to your initial inquiry with all of the information you'll need to move forward. It will not only save you time, but could also save you money!

Whether you email us at help@magicmurals.com or fill out our [Contact Us form](#), please provide us, to the best of your ability, details such as those listed below. These details help us in providing you with more accurate answers and initial price quotes.

1. Event Date & Need by Date for the Dance Floor Wrap
2. Shipping Address for the Dance Floor Wrap
3. Size of the dance floor are to be covered
Are you covering the whole floor or just a partial area?
4. Floor surface texture
*Our removable dance floor graphic is compatible with most smooth surfaces (i.e. wood, tile, **sealed** concrete) This product will not adhere to any textured surfaces. We do have a removable material option for commercial grade carpet.*
5. Choose a background from one of our labeled styles or from among the murals images found at [MagicMurals](#). If you have your own background image, please let us know. We'll provide instructions for sending it to us.
6. Choose color(s) from our labeled sheet or provide the specs of your color pallette. Pantones are great!
7. If you already have in mind the size/scale of the various components in mind (overlays, pattern repeats, logo, monogram text envelope, etc.), providing that information initially along with your intended text or graphics/logos is very helpful. A rough schematic or drawing goes a long way.

If you are providing artwork from an artist, invitation designer, etc., please make sure they are providing you with their **hi-res** files, (**VECTOR format preferred; .eps, .ai, .svg, some .pdf's**)

Enlarging smaller artwork that was created for a 5"x7" invitation may not scale well for a large floor mural if not provided in proper format or prepared with enlargement in mind by your designer.

Preferred graphic square sizes for checkered & square diamond patterns are 48"x48" or 24"x24"

Turnaround time is typically 10 to 14 days from the time we have final artwork and order has been placed. Artwork details should be provided as early as possible to allow time to complete the design phase.

Is this for a corporate event and you're interested in corporate branding/colors/logos/fonts being used? Not a problem! We can help with that as well!

We ship across the USA and around the world! Let us help to bring your special event's vision to life!
